March 1, 2023

Dear Wiehe Road Resident & Business Owner:

If you haven't already heard the good news, contracts have been approved by Council and signed and the construction project to renovate Wiehe Road is moving ahead full speed.

The scope of the project, being funded by SORTA and the Village of Golf Manor, will include installing new curbs and sidewalks along the entire length of the road from the Cincinnati corporation line to Amberley Village. The entire street will be resurfaced with new asphalt.

Construction will begin sometime around mid-March.

In order to ensure the smooth operation of this project, we will hold a pre-construction information session for residents and business owners on Tuesday, March 14, 2023 at 6 PM in the Golf Manor Community Hall, located at 6450 Wiehe Road.

Representatives from the Village administration, police department, road engineer and construction company will be available to answer questions you may have about the project.

Our goal is to minimize the frustration that goes along with a major residential/commercial street project. We apologize for any delays or inconvenience you may experience. Note that the Village of Golf Manor does not do this work as it is performed by a professional road construction contractor who specializes in these types of projects. The contractor will directly notify you of any disruptions in traffic or parking as the various phases of the project are carried out. Every effort will be made to ensure you have access to your driveway as the project proceeds.

You will be able to stay up-to-date on progress of the project by going to the Village website at <https://www.golfmanoroh.gov/wiehe-road-project-2023/>.

Always use our website to find updates on this and other projects throughout the Village, a great resource for events, ordinances and other information vital to Village operations.

Thanks again and I wish you and your family the best as we head into the Spring and Summer months!

Sincerely,

Ron Hirth

Village Administrator
